APPLIED ACOUSTICS SYSTEMS INTRODUCES THE SOUND BANK SERIES PRODUCT LINE AND RELEASES THE ANALOG ESSENTIALS SOUND BANK FOR ULTRA ANALOG VA-1

Applied Acoustics Systems is pleased to introduce the Sound Banks Series, a new line of products that expands the sonic possibilities of their current and future crop of software instrument plug-ins. The Sound Bank Series will propose new preset collections on a regular basis covering various genres and themes.

The first release of this series is Analog Essentials for the Ultra Analog VA-1 synthesizer. This 148-preset add-on is the perfect complement to the Ultra Analog factory library. Offering a great selection of high quality arpeggios, basses, pads, percussions, sound effects, and various synth sounds, it will prove to be a valuable source of inspiration for any musical styles.

Pricing and Availability

The Analog Essentials sound bank for Ultra Analog VA-1 is available now from the AAS Store for \$39. For more information and a preview of Analog Essentials, visit the address below.
